

NKCOATINGS

REQUIRE

Apprentice Metal Finisher

NK Coatings is Ireland's leading Metal Finishing Company and is a member of the NK Group. The Group has subsidiaries and branches throughout Ireland, employing over 180 people and providing the construction & commercial industry with quality products and services.

Due to continued business growth, we have an exciting opportunity to join a successful growing team at our Mallusk site as an Apprentice Metal Finisher.

NK Coatings will facilitate day release for the successful candidate to complete an NVQ in Engineering. In addition to this, full on the job training will be provided to ensure the successful candidate reaches the highest level of performance.

Key responsibility areas:

- Tends equipment to coat iron steel products with corrosion-resistant metal
- Suspend metal objects, like pails, shelving, nuts bolts and structural steel from conveyor hooks or places them in wire baskets
- Immerses objects in chemical solution to clean surface of scale foreign matter
- Lowers objects into tanks to protect surfaces and facilitate coating
- Dips objects into tank of molten metal to coat objects, using hoist or conveyor
- Removes objects from tanks after specified time
- Smooths coating, inspects objects for even and complete coating returns defective objects for reprocessing
- Manual lifting
- General production and housekeeping
- Health & Safety compliance

It is essential that the successful candidate will demonstrate:

- Hold 3 GCSE's Grade A-C **to include Maths and English and ICT** (or equivalent)
- Ability to work under pressure and to product deadlines
- Willingness to learn and upskill
- Highly motivated, eager to learn and a team player
- Fully flexible to working on a rotating shift pattern

It is desirable that the successful candidate may have:

- Experience or understanding of health and safety rules and regulations.
- Experience or an understanding of working within a production, manufacturing, galvanising or metal finishing role.

Rate of Pay

The hourly rate for apprentices will be £12.42 p/h

Application

To apply for this role please contact Luke Reford via telephone, 02890 834708 or via email: luke.reford@nkcoatings.com

Applications close at 12:00 noon on Friday 27th September 2024
